Suzanne – FYI – I am forwarding these documents provided to the RA back in July regarding Upper Animas. This will give you a more complete picture concerning the overall Site strategy. It shows how the proposed letter to Sunnyside fits into the overall site strategy. We shared the Site Strategy with BLM and the State after we briefed the RA and some minor changes were made to the strategy as a result of the discussions with BLM and the State. I have asked Paula for a copy of the most recent version of the strategy, which I will send to all.

**Subject:** Revised Briefing Materials for RA Briefing on Upper Animas

Martin & Sandy – per our discussion this AM on the Upper Animas strategy, Cynthia, Richard and I made changes to the following 3 documents that were presented or discussed at the meeting. These changes were made in response to your suggestions on the factors supporting our “Rationale for the Strategy” and the sequence of the “Next Steps.”

- Upper Animas – Site Management Strategy

- Briefing for RA on Upper Animas – Draft Upper Animas Watershed Site Management Strategy
- Addendum A – Draft Communication Strategy thru FY2015

For the discussion on the enforcement component of the strategy, I am deferring to Richard and Mike on that matter.

Please let me know if there is anything that I missed in either the strategy or the RA briefing or that needs changing in the Communication Strategy. Also, please let me know if you need me to bring extra copies of these revised documents to the briefing with the RA and how many are needed.

Thank you.

Paula Schmittiel
